EDU OFFER: APPS + LEARNING CONTENT + COMMUNITY
THE PERFECT BUNDLE TO BOOST YOUR EMPLOYABILITY

In today's competitive job market, you need every advantage you can get. The cloud based **3D**EXPERIENCE® platform brings new capabilities to experience the design and engineering practices of current industry leaders, increasing employment opportunities in the new global economy. The **3D**EXPERIENCE platform provides a suite of connected tools and apps specifically cultivated to the broader toolkit required by the designers and engineers of tomorrow.

You can choose between three offers. Each of them include the following:

- Access to the Apps
- Learning content and certification (Yes certification is included!)
- Peer and Expert Community

Jumpstart your career and level-up today!

3DEXPERIENCE **ENGINEER FOR STUDENTS**

In today's ever-changing world and technology landscape, keep ahead of the curve with access to the same tools the pros use in the workplace every day. **3DEXPERIENCE Engineer for Students** provides a suite of connected tools and apps specifically cultivated for the broader toolkit required by the designers and engineers of tomorrow. Cement industry-proven best practices of today to propel yourself through graduation and beyond! **3DEXPERIENCE Engineer for Students** is our largest collection of apps for students, including:

- Comprehensive part design, surface design, sheet metal, assembly creation, mechanism motion and drawing generation
- Advanced function-driven GENERATIVE design tools to analyze weight reductions, for optimal part performance
- A complete set of analysis solutions to guide design decisions and improve product performance
- Advanced crash tests and structural analysis, aerodynamic simulations and fluid dynamics
- Comprehensive 2.3, 3 and 4 axis machining to help rapid prototype your custom parts
- Photorealistic design reviews and even virtual reality
