“APPS+CONTENT+COMMUNITY”

Discover our brand new 3DEXPERIENCE Edu universe and dive into a whole set of tailored Apps Content and Communities!
We know that you’re probably already an expert on leading Dassault Systèmes products like SOLIDWORKS or CATIA V5 or Abaqus, and that you’ve spent a lot of time developing your knowledge and know-how to teach your students the right way, creating motivating lectures and hands-on exercises, preparing students with inspiring capstone projects for the world of industry.

If you’re reading this, you’re almost certainly interested in jumping to the new, cutting-edge Dassault Systèmes solution, 3DEXPERIENCE®.
We’ve called on expert to produce a series of short but captivating onboarding videos

EDU OFFER “APPS+CONTENT+COMMUNITY”

Rest assured, as the new 3DEXPERIENCE Edu universe we’ve developed everything you need to smoothly transition from your favorite legacy solution to 3DEXPERIENCE!

You need apps, we’ve got them!

But Dassault Systèmes is no longer just a software developer. When we say we’re the 3DEXPERIENCE Company, this means we develop Teaching and Learning Experiences tailored precisely for you Teachers. We understand you need content like Videos/Webinars/Courses/Learning paths to inspire your teaching – and we’ve worked hard to deliver the best yet!

We know that moving to a new technology could take you outside your comfort zone for a short while. This is why we have built the biggest worldwide Dassault Systèmes communities for Educators & Students to support you in your journey, and connect you and your students to technical experts.
Apps

+400 Apps
Everything you need to transfer your pedagogy and a lot more besides

Anytime Anywhere
You and your students can now work from labs and from home!

Collaborative
No limits! From team projects with your students to the entire world!

Cloud Based
Secure and always updated

Yes, more apps than ever! 100% sure you’ll find what you need (to meet your short and long-term needs).

Rather than a lengthy description, why not deep dive now into the 3DExperience Roles & Apps

https://edu.3ds.com/en/software/3dexperience-education
When you deploy 3DEXPERIENCE for Education, it’s only a third of everything you get! So, let’s take a look at the amazing content and communities waiting for you…

**SHOW OFF YOUR TALENT**
Driven by future-ready skills to boost your students’ employability

**SHARPEN YOUR SKILLS**
Learning materials designed and built by real educators just for you

**CHALLENGE YOURSELF**
Flexible learning materials that can be re-used how and whenever you like

**BOOST EMPLOYABILITY**
You’re no longer alone! Welcome to a community of thousands of educators & Dassault Systèmes experts

You’ll have access to the apps used by the professionals themselves!
Here at Dassault Systèmes we’ve developed the turnkey libraries and content you need. To be 100% relevant and ensure your success, we’ve co-defined all these learning materials through close ongoing collaboration among dozens of educators – all recognized as champions – who’ve been teaching on 3D EXPERIENCE for years.

Every effort has been made to ensure it fits all your needs:

- **Need INSPIRING stories for yourself and to motivate your student?** The Experiences we’ve developed using our 3D EXPERIENCE Edu HUB offer just that! And to ensure you don’t miss out on valuable content, we have curated content developed by Dassault Systèmes and put it together on our 3D EXPERIENCE Edu | Academic private community. That’s right, it’s private. Because this “club” is for Educators only (Students aren’t allowed)!

- **Need to boost your know-how on a new app?** We’ve got hundreds of short video tutorials & playlists ready for you so you don’t have to spend time creating your own.
• Need to adapt a current teaching activity? (i.e. Mechanical CAD Design on SOLIDWORKS or CATIA V5)? We’ve got a range of options for you:
  • Re-use a full course developed by a Teacher/Professor from one of our committees (hundreds of hours of learning, from 1 hr to 40 hrs)
  • Re-use part of a learning path developed by Dassault Systèmes Experts for our industry customers (thousands of hours of industry courses, and most of them prepare students for professional certifications)

• Need to put in place a new pedagogical approach like a flip-classroom, blended teaching, PBL, etc.?
  • Do your shopping in our unique repository of Eduspace Learning modules & Paths!
  • Assemble them as you want with your own and publish your own learning path to your students

• Need to develop a new topic or work with colleagues?
  • Re-use a full Learning Path developed by a Teacher/Professor from one of our committees
  • Re-use a Learning Path developed by Dassault Systèmes Experts for our industry customers.
A GLOBAL COMMUNITY

Want to accelerate collaboration and international exposure for your students?

- You understand that you’ve got all the right content, now you just need connections with teachers that are also 3DEXPERIENCE Users
- Promote turnkey capstone projects with existing students competitions and put together extended teams with students from around the world to allow your students to take part in a real Problem Based Learning (PBL) Experience.

Need some coaching to develop your latest hands-on exercise? Need best practices for using the platform?

- Then the 3DEXPERIENCE Edu | Academic community is for you! Teachers from around the world and our Edu technical experts are there for your empowerment. Whether the solution comes from a peer, Dassault Systèmes or an Edu Champion, you’re not alone anymore!

Need anything else?

- The 3DEXPERIENCE Edu | Academic community is there for that. Explain your need and we’ll work on it with our community members. And if you like, they can start working directly with you.
Our 3DEXPERIENCE® platform powers our brand applications, serving 11 industries, and provides a rich portfolio of industry solution experiences.

Dassault Systèmes, the 3DEXPERIENCE Company, is a catalyst for human progress. We provide business and people with collaborative virtual environments to imagine sustainable innovations. By creating ‘virtual experience twins’ of the real world with our 3DEXPERIENCE platform and applications, our customers push the boundaries of innovation, learning and production.

Dassault Systèmes’ 20,000 employees are bringing value to more than 270,000 customers of all sizes, in all industries, in more than 140 countries. For more information, visit www.3ds.com.
