

LEARNING EXPERIENCE LIBRARIES ACCELERATE 3DEXPERIENCE ADOPTION AND BOOST YOUR RETURN ON INVESTMENT

3DEXPERIENCE Edu is offering for Companies five Learning Experience libraries to ensure your team to become proficient in no time with their **3DEXPERIENCE®** roles.

Whatever the **3DEXPERIENCE** domain, empower them to learn in a self pace mode, on the job and get their newly acquired skills recognized through certificates.

DISCOVER THE 5 LIBRARIES DEDICATED COMPANIES

DESIGN / ENGINEERING

Having access to the entire DESIGN/ENGINEERING library enables you create great products with great designs!

Access Learning Experiences, leading to recognized certification, that enable you to learn:

- Industry-proven practices and the latest know-how in design & engineering.
- **3DEXPERIENCE** platform expertise – from concept to final assembly work concurrently, in one seamlessly integrated and managed environment.

SIMULATION

Are you keen to improve product performance while reducing risks and costs? Simulation Library enables you to accelerate the evaluation of performance, reliability and safety of materials and products before committing to physical prototypes.

You benefit from cutting-edge technologies, coupled with our Learning Experiences to drive innovation:

- Knowledge and know-how on the latest simulation practices.
- **3DEXPERIENCE** expertise so you can master simulation as part of collaborative engineering.

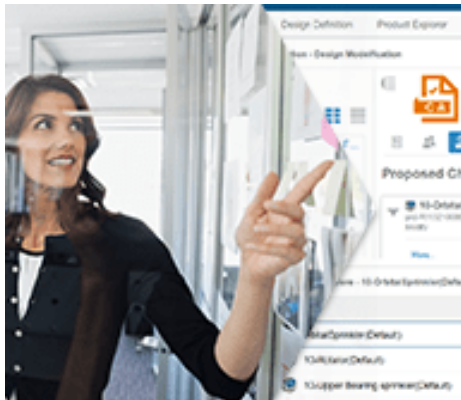

GOVERNANCE / LIFECYCLE

Dealing with huge volumes of data and information is the day-to-day challenge facing today's engineers. Be ready to manage product creation from early planning to development and final release.

Best-in-class Learning Experiences are already available through our Governance Library, offering:

- Knowledge and know-how on the latest governance practices.
- **3DEXPERIENCE** roles so that you can master collaboration across different disciplines on any device, anytime, anywhere.

MANUFACTURING / PRODUCTION

The entire production process has to speed up, from innovation & design to production. New skills are required to succeed in the digital manufacturing transformation! We propose a set of Learning Experiences resulting in recognized certification that give you the required knowledge and know-how to bridge the gap between design and manufacturing processes:

- Industry-proven practices and latest knowledge in manufacturing & production.
- **3DEXPERIENCE** platform expertise.

3DEXPERIENCE WORKS

The **3DEXPERIENCE** platform is a secure, collaborative, one-stop-shop for everyone in the Design and Manufacturing eco-system. Gain a competitive advantage with the **3DEXPERIENCE WORKS** cross-domain Library today!

Access powerful Learning Experiences, with recognized certification that enable you to transform the way you bring products to market and create differentiated customer experiences. **3DEXPERIENCE WORKS** connects your development process from design through manufacturing to customer engagement in one interactive and collaborative environment. Learn how to collaborate, design and manage your products with **3DEXPERIENCE WORKS** library.

MAIN BENEFITS OF EACH LIBRARY

- Gain key skills in industry best practices at your own pace.
- Learning Experiences addressing most levels/roles in any industry.
- Learn-by-doing and become proficient in your role with the **3DEXPERIENCE** platform.
- A progressive e-learning offer built around learning paths, starting with short interactive role-level courses before technical deep dives on apps.
- Shorten your training time and learn anywhere, anytime.
- Innovation! In each domain, the library offers learning experiences on all **3DEXPERIENCE** platform roles of the domain. Discover the value of more roles, at very affordable subscription cost.
- Earn recognition. Showcase your newly acquired skills with course completion certificates available for many role-level courses.

HOW TO BUY A LIBRARY?

Dassault Systèmes Learning Experiences are available through the learning portal: learningspace.3ds.com

For pricing information, please contact your 3DS Sales Representative.

Our **3DEXPERIENCE**® platform powers our brand applications, serving 11 industries, and provides a rich portfolio of industry solution experiences.

Dassault Systèmes, the **3DEXPERIENCE** Company, is a catalyst for human progress. We provide business and people with collaborative virtual environments to imagine sustainable innovations. By creating 'virtual experience twins' of the real world with our **3DEXPERIENCE** platform and applications, our customers push the boundaries of innovation, learning and production.

Dassault Systèmes' 20,000 employees are bringing value to more than 270,000 customers of all sizes, in all industries, in more than 140 countries. For more information, visit www.3ds.com
